It's What We Do!

Fighting cancer is difficult enough, but living with it is even tougher - and that's where the Cleaning for A Reason Foundation steps in. This newly formed nonprofit offers free professional housecleaning services to improve the lives of women undergoing treatment for cancer.

Founder: [Deborah Sardone](#) is described as a "serial entrepreneur". The Founder of Cleaning For A Reason has a love for women in business and women in need. While serving as President and CEO of [Buckets & Bows Maid Service, Inc.](#) (Lewisville, TX) she has become well acquainted with the needs of women. Touched by clients and employees experiencing the devastating affects of cancer she implemented a policy of giving free or half-priced cleaning to women who were unable to afford services. She was inspired to launch the foundation nationally through her

speaking opportunities around the country for [ARCSI](#) (the Association of Residential Cleaning Services International) when the concept of philanthropic cleaning sparked so much interest during a workshop seminar for residential cleaning service owners. The enthusiastic support from these cleaning companies led her to formalize the program and offer it nationwide in May of 2006.
